

Project Renewal Application and Requirements

Project Renewal is a grant program available to assist low income mobile and manufactured home owners with disposal or recycling of old, uninhabitable mobile or manufactured homes. To be eligible for assistance, the applicant must own the home to be disposed of and be low income. Applicant must meet all grant requirements. Below are the application steps.

Step One: Submit the application and all supporting documents. Those documents must be mailed to Tomorrow's Home Foundation.

Include:

- 1) Application – Completely fill in
- 2) Title or other proof of ownership
- 3) Estimates for demolition, recycling or disposal
- 4) Proof of income

Step Two: Tomorrow's Home Foundation staff will verify the most feasible, environmentally friendly and economical method for disposal. If required, environmental hazards will be identified. Cost estimates will be determined. (This process could take at least three weeks.)

Step Three: Tomorrow's Home Foundation staff will contact the applicant to discuss scheduling and the best method of disposal.

Step Four: The homeowner must provide a minimum of 10% of the total project funding to the transporter or the disposal/recycling facility. (The grant amount will be determined by Tomorrow's Home Foundation based on overall funding available. A grant award letter will be mailed, faxed or emailed and it will specify the amount of funding Tomorrow's Home Foundation will provide.)

Step Five: The home will be disposed of and Tomorrow's Home Foundation will pay the grant amount directly to the service provider.

There is a very limited amount of funding for this program. If any of the requested items are not submitted, the **entire** application will be returned for completion. All program rules must be followed and there are no exceptions. All questions can be answered by reading this application very closely.

Please mail, email or fax the application and all documents to the address below.

Project Renewal Rules and Regulations

The following rules and regulations are mandatory for participation in the Tomorrow's Home Foundation Project Renewal program. In the event the rules are violated in any way, the home will be refused by the transporting company or recycling company.

- To participate in the Project Renewal program, Tomorrow's Home Foundation must have this signed agreement on file stating that program rules will be followed.
- No homes containing trash, rolls of carpeting, clothing, furniture or any other miscellaneous debris will be accepted.
- Homes must be Freon free! No refrigerators, freezers, air conditioners, or dehumidifiers.
- All capacitors, ballasts, and mercury switches must be removed and properly disposed of. (Furnace blowers, thermostats, fluorescent lights, etc.)
- All utilities (electrical, telephone, gas, water, cable, etc.) must be unhooked so the home can be transported.
- All attachments (steps, porches, carports, etc.) must be removed.
- All skirting must be removed.
- A copy of the title or other proof of ownership should be submitted to Tomorrow's Home Foundation along with this form. Please sign the statement below confirming that the home is unusable for housing and the value of the home is \$0.
- All other landfill or recycler restrictions will be followed. (These restrictions will be listed with specific landfill or recycler.)

AGREEMENT

In consideration of, and as a condition of participation in, the Tomorrow's Home Foundation Project Renewal program, the undersigned participant agrees to abide by all of the above stated rules and regulations of the Tomorrow's Home Foundation and disposal facility. By my signature, I confirm that the value of the home is \$0 and I am requesting destruction of the home identified in this application.
